## DETAILED ITINERARY

Apr 09/26

The Philippines is an archipelago of over 7,000 islands, in southeastern Asia between the South China Sea and the Pacific Ocean. Its extensive coastline are dotted with white sand beaches and turquoise blue waters that are teeming with marine life, corals and lush foliage.

In Manila, we stay at the famous Manila Hotel, long-time home of General MacArthur and shorter stays by Nelson Mandela, Marlon Brando, King Charles, the Beatles, Sammy Davis Jr. just to mention a few.

We journey to the north to seldom visited Banaue and Sagada, to get a glimpse into a more traditional way of life, where you find the original inhabitants of the Philippines. We travel from the stunning highlands with its steep rice terraces to the lowlands, including the UNESCO World Heritage town of Vigan. See the very active, conical Mayon volcano and learn to make the unique Filipino dishes “Laing” and “Bicol Express” the traditional way.

Witness, swim and snorkel with the world’s largest congregation of whale sharks at Donsol, see the giant sea turtles and dugong (manatee). Enjoy a night-time, fire-fly experience. Explore the UNESCO site

### **DAY 4 TARSIER SANCTUARY; LOBOC RIVER CRUISE; CHOCOLATE HILLS; FLYING LEMURS**

Our full day starts with a visit to the Tarsier Sanctuary, which has the smallest primates that are mostly found in Southeast Asia — tarsiers. Enjoy a lunch cruise on the Loboc River before visiting the cool and shady manmade forest, with its white and red mahogany trees. It is part of a reforestation project started over 50 years ago. We visit the Chocolate Hills, which are a slight mystery to locals and visitors alike and sometimes called the Eighth Wonder of the World. We also visit a seldom-visited park with superb opportunities to see the flying lemurs. Techni-

cally they can't fly but they can glide great distances. Time permitting, we may visit Baclayon Church, the oldest Christian settlement in Bohol, sometime during the day.

Overnight in Bohol.

---

### **DAY 5 PAMILACAN MARINE SANCTUARY - DOLPHINS, TURTLES AND MARINE LIFE**

Our day starts early in the morning, as we make our way to Pamilacan Island. We can never guarantee wildlife but enroute to Pamilacan island, we will likely be accompanied by dolphins at play who often seem to almost show off at times. Pamilacan Islands is a community of former whale and dolphin hunters, who now operate as guides and guardians of the local marine life. Pamilacan is home to a diverse marine ecosystem, and is an excellent spot for diving and snorkelling. Pamilacan Island is most famous for its coral gardens and its marine turtle sanctuary, showcasing the rich marine biodiversity in Bohol's waters.

Overnight in Bohol.

## **DAY 6 FERRY TO SQUIJOR; CAMBUGAHAY FALLS**

We take an early morning ferry to Siquijor where we will check in to our next hotel. We'll enjoy an afternoon excursion to the stunning Cambugahay Falls, famous for its 3-tier waterfall with some of the most beautiful turquoise water you will ever see, hidden away in the dense green jungle. The rest of the Philippines will often refer to the ghosts and magic that exist on the island!

Overnight in Siquijor.

## **DAY 8 APO ISLAND MARINE SANCTUARY; TO DUMAGETE**

Apo Island, located off the coast of Dumaguete, is small 74-hectare volcanic island and the oldest community-run marine sanctuary in the Philippines. The island boasts of immense coral reefs and diverse marine life, but is most famous as a protected area for giant sea turtles. Sea turtles swim and graze leisurely all around the island's waters, unbothered by visitors. The marine sanctuary runs along 0.5 km of the island's southeast coast and has become a popular dive and snorkelling site due to the wonderful biodiversity found amongst its turquoise blue coastal waters.

Overnight in Dumaguete.

## **DAY 9 FLY TO LEGAZPI VIA CEBU OR MANILA**

Today we fly to Cebu (or Manila) and connect to our onward flight to Legazi. The afternoon is free to decompress from a long day of travel. As we land in Bicol (or Legazpi) airport, you will have great opportunities to view the Philippines most active volcano, Mayon Volcano with its perfect cone shape.

## **DAY 10 SNORKEL WITH WHALE SHARKS; MAYON VOLCANO & FILIPINO CULINARY EXPERIENCE**

We get up early to drive to Donsol, which is the whale shark capital, known for its local community that offers sustainable and responsible excursions to see this magnificent animal. These massive, gentle creatures feed on plankton, so no worries, tourists are not on the menu! We will spend several hours in search of whale sharks and hopefully we will have several viewings. Once sighted, you will be instructed to get your snorkelling gear and told when to jump into the water. Sightings can be quick or for extended periods, especially if you are a strong swimmer. The whale sharks are quite slow moving and can grow to 50 feet in length, and it's not uncommon to see them between 5 and 10 meters or up to 35 feet. After our whale shark experience and lunch by the ocean, we return to Legazpi.

Our afternoon adventure includes a "Bikolinarya Culinary Experience" where you learn to make the unique Filipino dishes "Laing" and "Bicol Express" the traditional way. The Bicol region is most famous for two things – Mayon Volcano and its near-perfect cone, and its cuisine. Most notably its unrestrained use of spices combined with coconut milk that have become

its trademark. We can enjoy both simultaneously as we will have our cooking class near the base of the volcano.

Overnight in Legazpi.

---

## **DAY 11 DONSOL; SNORKEL WITH WHALE SHARKS**

Today, you will have a second chance to see whale sharks. Donsol is one of the few places in the world that can offer almost assured whale shark sightings from November to June. The name Donsol has become synonymous to whale sharks as the world's largest congregation of whale sharks are found here. The whale sharks of Donsol stay in this natural environment longer than any other place in the world. With simple snorkelling equipment, you will have the opportunity to swim alongside these gentle giants.

Later in the day, we fly back to Manila where we will stay at our airport hotel.

Overnight in Manila.

---

## **DAY 12 MANILA TO TRADITIONAL BANAUE; UNESCO RICE TERRACES**

After an early breakfast, we depart for a long drive (10-12 hours) to Banaue. We start out near sea level with a flat landscape but after some hours, we start to ascend into the mountainous region of Banaue. Upon arrival, we check into our hotel with stunning views where we can enjoy our dinner.

Overnight in Banaue.

## **DAY 13 BANAUE RICE TERRACES: BANGAAN TRADITIONAL VILLAGE**

After breakfast, we depart for Bangaan, with several stops at stunning viewpoints of rice terraces. At the end of our drive, we start our short but steep hike down to the traditional village of Bangaan. We'll have lunch at a local restaurant, overlooking the terraces and trek back to the Jeepney.

Overnight in Banaue.

---

## **DAY 15 TO SAGADA; BURIAL CAVE & HANGING COFFINS**

After breakfast, we'll take a 3 hour drive to Sagada, stopping along the way at the Banaue Viewpoints, Bayo Village, and Bontoc Museum. The Bontoc Museum was founded by Belgian nuns, whose goal was

to document and preserve the rich cultural heritage of the Ifugao.

After checking into our hotel in Sagada, we will go to Burial Cave and then to lunch (unless timing warrants something else). After lunch, we'll stop in to a wonderful coffee shop, where you can enjoy a dessert and purchase some delicious coffee for home! We'll then make our way to a viewpoint of coffins before continuing on to get a closer look at the hanging coffins. The trail is not difficult, however there is a lot of steep inclines, as Sagada is up in the mountains, and the access to the burial sites are on lower levels. Steep steps lead down to an enormous, lichen-furred cave where more than 100 coffins are stacked at the entrance; the oldest coffin is believed to be about 500 years old.

Overnight in Sagada.

Aside from the historic Calle Crisologo, the heritage tour also includes the Vigan Cathedral, stops at a museum (former prison), and a pottery place with a very long oven. We'll enjoy lunch by the river and continue back to Vigan via its most famous street. We'll have a quick visit to Laoag City before heading to the airport for the evening return flight to Manila.

Overnight in Manila.

---

### **DAY 19 FLY TO PUERTO PRINCESA; KITU-KITO; FIREFLY WATCHING**

## **DAY 20 UNDERGROUND RIVER NATIONAL PARK**

We have an early departure and a 1.5 hr drive to the Underground River National Park in Sabang.

We will take a small outrigger boat across the bay to the entrance of the river. The park features a spectacular limestone landscape with an underground river. One of the river's distinguishing features is that it emerges directly into the sea, and its lower portion is subject to tidal influences. The river is the longest navigable subterranean river in the world and is also a significant habitat for biodiversity conservation. We will learn the history and highlights of the river on our small paddleboat through a section of the cave.

We will have free time after lunch at our resort to enjoy the beach and the ocean.

Overnight in Sabang.

El Nido is famous for its white-sand beaches, turquoise waters, coral reefs, and splendid limestone rock formations.

Overnight in El Nido.

---

## **DAY 22 ISLAND-HOPPING IN PARADISE**

We spend the day island-hopping in paradise on our El Nido cruise to deep-blue lagoons and white-sand beaches. We visit the Big Lagoon, Entalula Island, Snake Island, Secret Lagoon, Seven Commandos Beach, and Shimizu Island. We depart the Linapacan area on an outrigger boat for a 2 hour journey. Along the way, we stop at enchanting islands, where we have time for swimming, snorkelling and a delightful picnic lunch. This scenic and leisurely journey adds an extra layer of adventure to our travel day. Our final stop will be lunch near a WW2 shipwreck, with coral reef making much of the wreck its home. We can snorkel easily to the wreck, which is in relatively shallow waters. We arrive back in El Nido in the late afternoon for dinner and sunset.

Overnight in El Nido.

---

## **DAY 25 FLY TO CORON; BOAT TO ISLAND RESORT (CLUB PARADISE)**

After breakfast we have a morning flight to Coron on the large island of Busuanga. The area is an adventurer's paradise, filled with white-sand beaches, coral reefs, dense rainforests, mangrove swamps and crystal-clear lakes. Our island is home to massive fruit bats or 'flying foxes,' lizards and abundant birdlife. This is a beautiful resort and perfect place to end our incredible adventure before our return to Manila.

Overnight at Island Resort (Club Paradise).

---

## DAY 26 DUGONG (MANATEE) WATCHING

Dugong watching is a full-day excursion to several feeding grounds along the Busuanga coastline, and two turtle islands for skin and scuba divers. If a dugong is spotted (they surface every 4 to 5 minutes), we watch the animal first from the boat (like whale watching) then approach the dugong by snorkelling. Since this excursion is operated in a natural and sustainable way, to limit the intrusion into the habitats of the dugong, there is no way to absolutely guarantee a sighting, however with a sizeable manatee population (there are currently 30 living in the bay) the chances are quite good.

Overnight in Island Resort (Club Paradise).

## DAY 27 FLY TO MANILA

We travel by outrigger to the mainland, and drive to the airport for our flight from Coron to Manila. Upon arrival we check in to our hotel and have some free time to visit some local sites including churches and museums, or for last-minute souvenir shopping. Tonight we will have our farewell dinner.

Overnight in Manila.

## DAY 28 DEPARTURE

We bid a fond farewell to the Philippines as we transfer to the airport for our flights home.
