Grasslands extend to a horizon of cobalt-blue skies, pastel-hued rocks color the Gobi Desert and fast-flowing rivers cut deep canyons in arid steppes in this remote Asian nation land-locked between China and Russia. The people, descendants of Genghis Khan, are an eclectic mix of rugged nomads, Buddhist monks, farmers and merchants. For the truly adventurous, Mongolia holds the promise of an exotic culture rarely visited by travelers.

Starting in Ulaanbaatar, the tour uses the capital as a hub to visit the Gobi Desert, Lake Hovsgol and central Mongolia. In the Gobi, we visit the Flaming Cliffs, a world-class dinosaur site with remains so plentiful that dinosaur eggshells can still be found on the surface.

In Mukhar Sivert Valley (near Yol Valley National Park), we experience a unique environment that includes 200 species of birds and 600 species of vegetation.
